Re: Extension of Review Period for the *Remedial Investigation Report for the 200-BP-5
Groundwater Operable Unit*, DOE/RL-2009-127, Draft A, and *Remedial Investigation
Report for the 200-PO-1 Groundwater Operable Unit Addendum 1*, DOE/RL-2009-85
ADD1, Draft A

Dear Mr. Corey:

The Department of Ecology (Ecology) is extending the completion date for our comment review period for the two referenced documents to November 19, 2015, in accordance with Section 9.2 of the *Hanford Federal Facility Agreement and Consent Order*, 89-10, Revision 8.

Additional review time is needed because related documents from reference lists within both Remedial Investigation reports under review need evaluation.

Ecology continues to participate in the comment negotiations surrounding other sampling and analysis plans; remedial action work plans, and remedial investigations/feasibility studies in both the 100 and 200 Areas.

If you have any questions, please contact me at nina.menard@ecy.wa.gov or (509) 372-7941, or Kim Welsch, Environmental Specialist at kim.welsch@ecy.wa.gov or (509) 372-7882.

Sincerely,

Nina M. Menard
Environmental Restoration Project Manager
Nuclear Waste Program
